## Acronyms and Abbreviations

---

*Closure.* All missions of the installation have ceased or have been relocated. All personnel positions (military, civilian and contractor) have either been eliminated or relocated, except for personnel required for caretaking, conducting any ongoing environmental cleanup, and disposal of the base, or personnel remaining in authorized enclaves.

*Communities in the Vicinity of the Installation.* The communities that constitute the political jurisdictions (other than the State in which the installation is located) that comprise the redevelopment authority for the installation. If no redevelopment authority is formed at the local level, and the State is serving in that capacity, the communities in the vicinity of the installation are deemed to be those political jurisdiction(s) (other than the State) in which the installation is located.

*Consolidated Plan.* The plan prepared in accordance with the requirements of 24 CFR Part 91.

*Consultation.* Explaining and discussing an issue, considering objections, modifications, and alternatives; but without a requirement to reach agreement.

*Date of approval.* The date on which the authority of Congress to disapprove Defense Base Closure and Realignment Commission recommendations for closures or realignments of installations expires under Title XXIX of Pub. L. 101-510 (104 Stat. 1808), as amended.

*Excess property.* Any property under the control of a Military Department that the Secretary concerned determines is not required for the needs of the Department of Defense.

*Installation.* A base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the Department of Defense, including any leased facility. Such term does not include any facility used primarily for civil works, rivers and harbors projects, flood control, or other projects not under the primary jurisdiction or control of the Department of Defense.

*Local Redevelopment Authority (LRA).* Any authority or instrumentality established by State or local government and recognized by the Secretary of Defense, through the Office of Economic Adjustment, as the entity responsible for developing the redevelopment plan with respect to the installation or for directing implementation of the plan.

*Realignment.* Any action that both reduces and relocates functions and DoD civilian personnel positions, but does not include a reduction in force resulting from workload adjustments, reduced personnel or funding levels, skill imbalances, or other similar cause. A realignment may terminate the DoD requirement for the land and facilities on part of an installation. That part of the installation shall be treated as “closed” for purposes of this part.

*Representative(s) of the homeless.* A State or local government agency or private nonprofit organization, including a homeless assistance planning board, which provides or proposes to provide services to the homeless.

*Rural.* An area outside a Metropolitan Statistical Area.

*Similar Use.* A use that is comparable to or essentially the same as the use under the original lease.

*Substantially equivalent.* Property that is functionally suitable for the proposed use. For example, if the representative of the homeless had an approved application for a building which would accommodate 100 homeless persons in an emergency shelter, the replacement facility would also have to accommodate 100 at a comparable cost for renovation.

*Substantially equivalent funding.* Sufficient funding to acquire a substitute facility. For example, if the approved homeless assistance submission was for an emergency shelter that would accommodate 100 homeless, substantially equivalent funding would mean the funds necessary to acquire a comparable facility at another location.

*Surplus property.* Any excess property not required for the needs and the discharge of the responsibilities of all Federal agencies. Authority to make this determination, after screening with all Federal agencies, rests with the Military Departments.
